AGENT LUCAS GETS IN SOME MORE WORK

Back Taxes for \$26,000 Filed
In This City This
Week.

MONEY TO BURN.

A Mighty Big Thing in the
Way of Fees For County.
Clerk and Others.

Revenue Agent Frank A. Lucas swooped down on the city again this week and filed five suits for back taxes extending over a period of five years. Those who have been drawn into his meshes are: Mrs. Mary F. Yancey, \$1,000; Mrs. Nannie C. Trice, \$5,000; William P. Winfree, agent for Winfree & Rickman, \$1,000; W. F. Thompson, \$7,000; and Mrs. Mattie Gaines, guardian of Miss Dell Gaines, et al, \$12,000.

His work here is merely a sample of what he is doing all over the State. Perhaps when he collects his little 20 per cent. he might, with "good and approved security," loan Mr. Rockefeller a few dimes.

This business, while it is being felt by the people, is a big thing in the way of fees for the county clerk and other officials, and for once, matters as conducted under a Democratic administration are all right in the eyes of Republican officials. Of course it doesn't matter with them how long it may last—the longer the better they like it. It is a whole lot of "sweetness long drawn out," and the longer this Lucas-in-the-loop that is thrown around the people the more joy there is in the Republican camp at the top of the hill.

DESERTED THE ARMY.

Sylvester Winders Arrested
At Pilot Rock.

After trying a soldier's life for seven months, Sylvester Winders deserted the army in Florida three months ago and found his way to Kentucky. Officers Cravens, Haydon and Clark learned of his whereabouts and went up to Pilot Rock one day this week and arrested him. He quietly submitted to be taken from the farm where he was working and said that a short time in the guard house is better than daily drilling and going through the dull routine of a soldier's life. Death for desertion is only permitted in time of war.

Officer Thomas Clark took Winders to St. Louis Wednesday night and turned him over to the authorities of Jefferson Barracks.

FISCAL COURT

Meets and Makes an Order
of General Interest.

The Fiscal Court met in regular session yesterday. The most important matter on which action was taken was making an order that in future the county clerk's fee of 30 cents for drawing a warrant on the treasury for an amount of over \$5, shall be paid by the county. Heretofore this fee had to be paid by the one in whose favor the warrant was drawn. No other matters of interest were acted upon and court adjourned to meet next month.

ANOTHER LEASE

Of Life Give Bluebeard Hoch
of Chicago.

Johann Hoch, the Chicago wife murderer, who was to have been hanged yesterday, was given another chance for his life by the issuing of a supersedeas by a Justice of the Illinois Supreme Court, which will have the effect of procuring a review of his case in that tribunal in October.

TAKING A HAND IN THE PEACE PROBLEM.

PRESIDENT THEODORE ROOSEVELT.

WILL NOT BUILD.

American Snuff Co. Decides
Not to Erect Factory.

The American Snuff Co., which recently bought the baseball park for a building site for a large factory, has announced that it will not build this season. Bids were received the first of the week and opened in New York city. When the bids were opened the company at once wired that the building would not be put up. Whether this is merely a postponement, or a final determination not to build at all, is not known. The lot has already been purchased at a cost of \$3,500, but is easily worth the money.

The company will still operate the same re-handling house it now has in the city.

\$75,000 LOSS.

Four Big Tobacco Ware-
houses Destroyed.

Paducah, Ky., Aug. 24.—Fire of unknown origin destroyed four large tobacco warehouses here at 10 o'clock last night, entailing a loss of about \$75,000, covered by an insurance of about half this. The fire started in the rehandling house of Herndon & Co., and spread to Tucker's rehandling house, destroying both. The warehouses of S. C. Graham & Co. and J. W. Farmer & Co. soon caught and were completely destroyed. The buildings were full of tobacco. Jim Harrison, a negro living adjoining one of the warehouses, became too hot while attempting to save his household goods, and dropped dead. The burned buildings were on Broadway.

THREE HUNDRED.

Auditor's Agent Causes Stir
in Barren County.

Glasgow, Ky., Aug. 23.—Frank A. Lucas, Auditor's Agent for the State-at-large, has created somewhat of a stampede among the taxpayers of this county by notifying 300 of them of personal property omitted by them, ranging in amounts from \$300 to \$30,000, and running from one to five years.

Mrs. Datillo Dead.

Mrs. Charley Datillo died at five o'clock yesterday morning at her home on South Liberty street after an illness of over a month. She leaves her husband and five little children, the youngest being only four months old.

LAID TO REST

Under a Bank of Flowers in
Hopewell.

No death of recent years has aroused more sympathy than that of little Champ-Carter Brannon. The manner of her death and its suddenness produced a shock among friends and the people generally that cannot soon be overcome. A parallel case can hardly be recalled. Mr. Wade, whose horse caused the death of the little child, is said to be almost crazed. The brief funeral services at the home of Mr. John L. Brasher, where Mr. Brannon's family is boarding, conducted by Rev. J. W. Mitchell and Dr. Southgate were largely attended. The numerous floral designs attested the heartfelt sympathy of the friends of the family. The remains were laid to rest in Hopewell Cemetery Thursday afternoon at 4 o'clock under a mass of flowers.

LUSTER ARRIVES.

Guthrie Wife Murderer Now
Behind Elktion Bars.

Elktion, Ky., Aug. 24.—Sheriff C. E. Gill arrived from Utah last night with P. J. Luster, the wife murderer of Guthrie. The prisoner was very weak. This morning he refused to eat breakfast, complaining of being sick. His preliminary hearing will probably be to-morrow.

WANTS JOINT DEBATE.

Martin Van Buren Russell
Challenges Opponent.

M. V. B. Russell, the colored independent Republican candidate for jailer, says he wants it understood that he is anxious to meet his Republican opponent on the stump in an active canvass of the county. He will shortly issue a formal challenge.

Huge Melons.

Mr. R. M. Meacham, who lives a few miles east of town, has brought the largest watermelon to town this season. Yesterday he brought in one that weighed 67½ pounds, now to be seen at Cooper & Co's. Previously he weighed one that tipped the scales at 65 pounds. The crop this year is unusually large and of excellent quality.

First Goes Home.

The First regiment of the Kentucky State Guard struck their tents at Camp Yeiser and reached Louisville yesterday morning at 6 o'clock. The Third regiment goes into camp to-day.

WELLMAN SAYS PEACE IS ASSURED

Exclusive News Sent to Chi-
cago Record-Herald Wed-
nesday Night.

ROOSEVELT DID IT.

Final Acceptance by Russia
Expected at Today's
Meeting.

Walter Wellman, correspondent of the Chicago Record-Herald, sent to his paper in advance of any other correspondent, the following peace prognostications:

"Everything works well toward peace. The compromise program already tacitly agreed upon in principle is now being worked out formally and in detail. At Wednesday's meeting of the envoys the Japanese concessions were formally laid before the Russian envoys, and have been cabled to St. Petersburg. The conference was then adjourned till Saturday afternoon to await Russia's formal reply, and permit both of the plenipotentiaries to have full consultation with their governments by cable before the next sitting.

Now that the world knows peace is coming, and why and how and upon what basis it is to be secured, it is well to warn the reader against disquieting, sensational and contradictory dispatches which may appear from time to time. Several days, perhaps a week or more, will yet be required to arrange all the details. Now and then, apparently, there will be disagreements, and even threats of rupture over minor matters or the amount of the money which Russia is to pay in an indirect form to Japan. Such reports are only to be expected. They are an inevitable phase of the necessary prologation of the negotiations and of the process of arranging all the details. But there is no cause for alarm. There will be no cause for it. Occasional misunderstanding may occur between the two governments. There will be haggling over this and that. Each side is anxious to make the best terms possible under the central principle of the compromise. Time will be needed to work out all these matters, to adjust the incidental differences. But peace in the end is assured.

Eight of the 12 articles originally proposed have been accepted and the protocols signed.

The new proposals, covering the four, embrace these principles. Sakhalin divided.

Russia to pay Japan a sum of money in the form of reimbursement for care of prisoners and other services rendered, not as a direct indemnity. Japan withdraws her demand for the limitation of Russian naval power and for the title to the interned ships.

As to the first of these proposals, there may be small difference of opinion concerning the delimitation of the new frontier. As to the second, there arises the problem of how much Russia is to pay and the form through which the payment is to be made. This clause, of course, will give a great deal of trouble. It is not an easy problem to work out. Japan will try to get as much money as she can; Russia will try to get off with the smallest possible sum.

Is This Part of the Game?

Portsmouth, N. H., Aug. 25.—Up to 11 o'clock last night six cablegrams had been received by M. Witte from St. Petersburg. All came from Count Lansdorf, and all were opposed to the Japanese compromise proposition as presented at yesterday's meeting. However, it is stated that the cablegrams announce that direct pour parlers are now in progress between Emperor Nicholas and President Roosevelt.

Judge A. J. Auxier, a prominent Republican politician of Pikeville, died this week, aged 60 years.

Nan Patterson, who was tried for murder in New York, will marry her former husband next month.

Judge Charles Eaves, of Greenville, who for many years ranked as one of the ablest lawyers in this section of Kentucky, is dead.

Chas. Jetton, a well known young lawyer of Murray, died last week after an illness of six weeks, of appendicitis. He was formerly city attorney of Murray. He leaves a wife and three children.

Vice Admiral Rojstevensky, in a letter to his family, says he is almost well of his wounds and, with the permission of the Japanese government, will start for Russia by the middle of September.

The court of inquiry has decided that the Bennington disaster at San Diego was due to carelessness of the engineers in charge of the boiler. As the engineers themselves were victims of the explosion, they are beyond the reach of punishment.

Judge Alton B. Parker, late Democratic candidate for President, will be in Mayville, Ky., on September 14 to argue the case of S. B. Hartman against John D. Park & Co. Hon. Elihu Root was one of the attorneys in the case, and Judge Parker takes his place.

Col. George Washington, of Newport, died at Owenton, Ky., Wednesday, where he was stricken with double paralysis a few days before, while visiting relatives. Col. Washington was a lineal descendant of Wm. Washington, a brother of the first President. He was 71 years old. He leaves two sons, Isaac and Washington and Rev. Wm. Washington.

Japan Wednesday submitted the Roosevelt compromise proposition, which provides for the payment of 1,200,000 yen by Russia for half the island of Sakhalin. M. Witte promptly rejected it, and the conference adjourned until Saturday in order to confer with their respective governments. There seems to be but small hope for agreement.

Curtis Jett, the convicted murderer of Attorney Jas. B. Marcum and the alleged murderer of James Cockrill, of Breathitt county, will shortly be taken from the penitentiary and tried again for the Cockrill murder. Jett was some months ago convicted of assassinating Cockrill and sentenced to be hanged, but on an appeal by his attorneys the finding of the lower court was reversed.

The Pembroke Journal thus complains of a heavy prospective decrease in the population of its town, due to a matrimonial epidemic: "Pembroke is just now confronted with a rather perplexing problem. There are half a dozen or more weddings scheduled to take place this autumn in which Pembroke furnishes the brides and other cities the grooms. In each case the bride will go to the grooms home. We cannot afford this loss, and as a remedial measure we suggest a heavy tax on bachelors."

IMPROVEMENT STILL CLAIMED

But Figures Remain About The Same as Here-tofore.

1,100 CONVALESCENT.

Worst Situation Now Seems To Be at Leeville, La.

New Orleans, Aug. 25.—The rather mild expression of hopefulness which Dr. White made a few days ago is more emphatic by the steady improvement in the figures from day to day, and indications are now freely being made that victory will be accomplished before frost appears.

There are no names of special prominence in the list of new cases. The new foci were principally up-town, only two of them being in residential neighborhoods.

Another nest of infection was found at a point not far from Patterson in Assumption Parish. Ten cases were seen at Amelia, and Dr. Chassagnac, who made the inspection for the State board, says he learns there were fifty cases there in the last two weeks. A physician and fumigation force were sent there to-day. No definite news was received from Leeville, at the mouth of Bayou La Fourche, but as relief has reached there it is believed that conditions will soon be improved.—Report to 6 p. m. Thursday:

New cases	44
Total to date	1,600
Deaths	7
Total	226
New foci	10
Total foci	360
Remaining under treatment	287

New Cases At Other Points.

Dr. Rudolf, the State board physician at Patterson, discovered two positive and two suspicious cases on a plantation two miles from that town.

Patterson reports ten new cases. Hanson City reports two new cases.

Three new cases developed on Elizabeth plantation, in Iberville.

Good Hope plantation, in St. Charles, reports three new cases and St. Rose one.

Port Barrow, in Assumption Parish, reports two new cases.

A case of secondary infection occurred at La Fourche crossing.

BLACK-LEG APPEARS.

State Veterinarian, Thinks He Can Handle Disease Without Quarantine.

Bowling Green, Aug. 25.—Black-leg, a disease which is fatal in many instances, has made its appearance in Warren county on the farm of C. B. Amos, who lives near Woodburn. He lost three cattle from the disease last week. Dr. F. T. Eisenman, State Veterinarian, was notified of the disease and made an examination. He returned to Louisville yesterday. He said that neither the farm of C. B. Amos or those adjoining will be quarantined, as Dr. John E. Gray, of Bowling Green, was placed in charge. He will use all means to prevent the disease from spreading. This is the first time that any case of the disease have been reported from Warren county.

Black-leg was first discovered in this State in Bourbon county in 1897. It is now the most fatal disease which attacks cattle, and Dr. Eisenman is using every effort to stamp the disease out of the State. Vaccination is regarded as a preventive to the disease. The disease in Warren county will be closely watched until it disappears.

The Taft party will separate at Hong Kong. Secretary Taft and most of the party, including Representative Sherry, will sail for the United States on September 6. Miss Roosevelt and others of the party will proceed to Peking where the President's daughter will be the guest of the Empress.

KILLEBREW GETS PLACE.

Dark Tobacco Association Will Have a Man To Watch "Mistakes."

FAIR TREATMENT.

Victory For the Growers In Their Great Fight Against The Trust.

Washington, D. C., Aug. 24.—Admitting, to all intents and purposes, the American Tobacco Trust has had the better view of the statistics on the production of tobacco, Secretary Wilson today appointed Joseph Killebrew, a special agent on tobacco, to be attached to the Bureau of Statistics. Killebrew is not a neutral. He is a member of the Dark Tobacco District Association, the organization which has been fighting the Trust with every weapon on which it could lay its hands. Killebrew was appointed, first, because he is an expert on tobacco, and second, because he represents the producers in their fight with the Trust. His salary will be only \$1,600, but the mere fact that they are to be represented in the department service will please the tobacco growers. Killebrew is from Clarksville, Montgomery county, Tenn. His post office, however, is at Guthrie, Todd county, Ky.

For a year or more they have been charging that the statisticians, who compiled the tobacco statistics for the Department of Agriculture, have been biased in favor of the Trust. The reports put out by them were of such a baneful nature that but a little more than a year ago certain grades of tobacco had fallen to half a cent a pound, and a cent for certain other grades was princely wealth.

Since the organization of the Dark Tobacco District Association the fight made by the producers has forced the price of the lowest grades up to three and four cents. The Trust has not been able to increase its prices accordingly, as it long ago put them to the highest notch consumers would pay.

Mathematical Tricks.

In the last report made by the Bureau of Statistics the work of the producers association was knocked into a cocked hat by the most remarkable mathematical tricks ever performed either in or out of a Government office. They have just come to light, and show that making up of the cotton statistics was not the only peculiar trick performed in the Bureau of Statistics.

As the result of a partial investigation by Secretary Wilson into the work of the Bureau, as applied to the tobacco acreage of three Kentucky counties, it is shown that the estimated acreage, by a peculiar trick of mathematics, was increased tenfold. The "mistakes" were made by a woman clerk and cost the producers many thousands of dollars.

Married In The Icehouse.

Troy, N. Y., Aug. 24.—William Moses, of Petersburg, and Miss Jennie Hurst, of New York who have been boarding two weeks at the cottage of Albert Hakes, at Lake Taconic, were married in Mr. Hakes' ice house. "We preferred the ice house," said young Mr. Moses, "because it was cooler." "We thought it would be a novelty," added the bride.

Dr. Peterman Elected.

Glasgow, Ky., Aug. 23.—Relatives here have received the news of the acceptance of the presidency of Graham college, Graham Va., by Dr. A. I. Peterman, of Nashville, Tenn. Dr. Peterman is a native of Monroe county, Ky., and represented this, the Nineteenth senatorial district in the State senate four years ago.

FALSE RUMOR.

Mr. Wade Undergoing Great Agony Over Death of Mr. Brannon's Child.

The arrest and fine of the negro Thursday for fast driving probably gave rise to a rumor that Mr. Louis F. Wade had been placed under arrest for the fatal accident to Mr. Gus Brannon's child last Wednesday. An inquiry was made by the Kentuckian and we learn from Chief of Police Shanklin that Mr. Wade met him on the street after the horrible death of the child and told the officer that he wanted to give himself into his hands if he was wanted. The officer told him he had no cause for this, as he did not believe anyone wanted him arrested for the accident. Mr. Wade is greatly troubled about the accident—almost in a serious mental condition.

Chief Shanklin says that while Mr. Wade was guilty of violating the ordinance, yet there is so general a disregard of it, it would not be right to prosecute Mr. Wade. Just after Mr. Wade gave himself up, the city attorney passed up the street and his opinion of the matter was sought. Mr. Hanbery told Mr. Wade just what the chief of police told him—that he did not think anyone desired his arrest.

So far as we can learn, this is the consensus of opinion, yet they cannot refrain from referring to an ordinance so old that it has been forgotten and ignored. The chief said yesterday morning that he could make a hundred arrests for leaving horses and teams unhitched on the streets, but if the council wants the law enforced it would be promptly done.

FAST DRIVING.

Frans Rives, a Negro, Will Pay Penalty.

The police force captured a negro named Frank Rives Wednesday night who was violating the city ordinance against fast driving. We learn that he had been warned, but paid no attention to it, other than saying he had a right to drive as fast as he pleased. Rives was driving a fast horse belonging to Mr. N. Zimmer, and had a negro woman in the buggy with him and was going at a rapid pace on Durrett avenue. He was presented in the city court Thursday morning and had a hearing before Judge Knight, who assessed a fine of \$10 and costs against him. In default of payment of same he will work out his fine on the streets.

Chief of Police Shanklin says that everyone guilty of violating this ordinance will be arrested, regardless of person, and that his force expects to pay particular attention to this part of their duty.

Some people seem to think that when they get in a vehicle behind a horse that they have the right-of-way over everybody and everything and pedestrians must watch out for their own safety. The reverse is the case, and a strict enforcement of the ordinance will meet with the approval of our people.

Tells Something About Tobacco Growing in Florida.

Mr. W. E. Embry writes from Dale City, Florida: "Thinking it might interest some of your readers to know what a Kentucky man is doing in South Central Florida along the line of Sumatra tobacco growing, I write to say that I have grown and marketed my third crop of twenty acres, grown under shade made of slats, woven on wires stretched above a frame work nine feet high, slats forty-eight inches long and thickness of orange box sides, one inch wide, so they exclude the tobacco fly. Posts are 14x18 feet apart. We poison the bud worms with Paris green mixed with meal. We finished gathering our crop on July 25 and have cured by air. Have tied up in bundles of forty leaves and packed it unsorted in high case in dry goods boxes and expressed it to Quincy, to the largest dealer and a large grower at that point. He writes that 'he has never seen a finer crop.' We have it contracted for five years at forty cents per pound around. This walling and slating, posts and labor costs \$250 per acre, and lasts five to ten years. Estimated cost of growing the crop and marketing, including shed, twenty-five cents per pound."

LICENSE BUSINESS

Looking Up and Deputy Wicks Able to Smile Again.

The cobwebs and dust that had accumulated on the marriage license book from non-use for about two weeks were brushed away last Wednesday when Chas. F. Stewart applied for license to marry Miss Birdie Sizemore. Deputy Clerk Wicks could hardly realize that the matrimonial market was about to open and he smiled a smile as the applicant told him who he wanted to marry. The smile had a lasting effect and Wicks is hopeful of a busy time in this line this fall and winter. The bride's home has been in Trigg county. The groom's home is in the Gracey neighborhood. After procuring his license Mr. Stewart called in the services of Judge Fowler, who soon tied the nuptial knot and sent the groom and his attractive bride on their way rejoicing.

INDIANA'S GIANT.

Window Has to Be Enlarged to Permit Passing of the Coffin.

Danville, Ind., Aug. 24.—An immense crowd attended the funeral of Philip Kreig, Indiana's 700-pound man, who was known all over the world. The coffin made especially for his body was so large that it could not be taken through the door, and it was necessary to remove the casing from the window and take away parts of the weather-boarding in order to get the coffin out of the house. There is no hearth large enough to hold the coffin, and the body was hauled to the grave in a two-horse wagon.

The funeral was under the auspices of the Masonic Order, of which he was an active member. He was 64 years old.

DOG'S 600-MILE TRAMP.

Goes From Omaha to Superior, Wis.

Omaha, Neb., Aug. 25.—"Stub," a Newfoundland dog, belonging to Mr. G. H. Hennings, of this city, has just completed a unique trip to Superior, Wis., 600 miles, in search of his master. The dog was left behind with friends when the family went away for the summer. He was very devoted to his master and was unconsoled. Suddenly he disappeared, and yesterday a letter was received from the family announcing his arrival at the hotel in Superior, where the family spent a vacation last year. The dog had undoubtedly tramped the 600 miles from Omaha to Superior, believing he would find his master in the place to which he had accompanied him before.

Large Crop of This Year to be Utilized.

This, the first season of the Hopkinsville Canning Company, has been a very busy and satisfactory one. Corn and tomatoes have been handled by hundreds of wagon loads and a large number of men, women and children have been given employment. Next year the farmers near town will largely increase their acreage of the two standard vegetables, while the company will make arrangements to put up several others. This season will soon end, but the company will be able to give employment to a large force of hands, as it has determined to put up sweet potatoes, the demand for them in cans having become very great in the past two or three years. This has been a good sweet potato year and the company will be able to use any surplus our farmers have.

Went to Clarksville.

Henry Breckner and Miss Ardine Stewart, a young runaway couple from Cerulean Springs, Ky., were married this morning at 8:30 o'clock at the Arlington hotel by Squire Atkinson. The couple came to the city on the morning train and went directly to the courthouse to procure a license. They returned to Cerulean at 10:10, leaving here over the Tennessee Central—Clarksville Hotel-Chronicle.

108 WOMEN

Would Wed a Man With Two Cork Legs.

Attie N. Y., Aug. 24.—Eugene Merrill, of this place, a cripple with two cork legs, advertised in the Buffalo papers for a wife. Up to date he has received 108 replies.

More Knights.

The Knights of Pythias held an enthusiastic meeting Thursday night in Castle Hall. A very large number of Knights were present. There were four applicants for degree work. Lodge No. 38 is making big preparation for the meeting of the Grand Lodge here in October.

Out of Danger.

The condition of Mr. Alex Moseby, who was accidentally shot by J. T. Allen last week, is much improved and it is now thought that he is entirely out of danger. The two trained nurses, furnished by the Knights of Pythias lodge, were dismissed yesterday.

Will Marry.

A wedding is on hand for to-morrow in the Johns precinct. Miss Era Walker will become the wife of Mr. James Warner. Squire James M. Clark has been engaged for the ceremony. The young people are quite popular in their neighborhood.

Bought a Cottage.

Mr. T. N. McGee has bought of Mrs. Mary A. Wood a house and lot on West seventeenth street for \$1,000. The lot is 75 by 150 feet and contains a neat cottage. Possession will be given September 1st.

Reweds Wife on Death Bed.

Grand Forks, N. D., Aug. 24.—Edward Falken, lying in the Deaconess Hospital, and certain he would never rise from his bed, was remarried to the woman whom he had divorced a year ago on their fifth wedding anniversary.

Without someone taking the initiative. Who is the liveliest man in town? Show up.

The stone work on the new City Bank is completed.

Next Wednesday, August 30th, is the day for the eclipse of the sun.

Are you going to the Horse Fair at Pembroke to-day?

Things have been very quiet in police circles for a week.

Children are talking of soon having to go back to the school room.

Next month has an r in it and the oyster season will open up. So has frost.

Persons who get their mail by rural route will have no mail delivered Monday, Sept. 4.

Farmers are busy cutting tobacco and following ground, and business may be said to be quite dull in town.

Oh! for a street fad with a stenographic voice, gasoline flash-light—any old thing to relieve the tedium of the passing days of August.

The walls of the Y. M. C. A. building haven't grown an inch in three months.

The small boys have at last learned to make balloons, and all their nickels are invested in tissue paper.

As usual there is a great demand for houses. There never has been enough to supply the demand at this season of the year.

Day after day our people see and acknowledge the almost absolute necessity of better station accommodations—and that is all.

Never before were there as many new pleasure vehicles seen on the streets. The single seat skyscraper has the "run."

The belt line railroad is talked about a great deal now, and it is said by those on the inside of the track that the work of grading will soon begin.

The Herald Square Opera Company, which opens the season at the opera house Sept. 12, is highly spoken of by the press in the cities where they have appeared.

Wonder why the ladies who have to resort to card parties to amuse themselves, don't organize and build a swimming pool? We have plenty of the purest and best water here.

There seems to be general rejoicing here over the death of the Kitty League. Its tail was cut off when Henderson dropped out, and its death was assured when Hopkinsville was kicked out. Requiescat.

Cook & Higgins put on draft a new drink at their fountain Tuesday called "Prison Delight." Must have caught the idea down at the new county jail, which is more stylish than nine-tenths of the residences in city.

In a few more weeks visitors away from home will be returning in large numbers, preachers will be back from their vacations and life in earnest will begin anew. This has been a pretty long, but not excessively hot summer, and cool, mosquito-killing weather is wished for.

Girls Stay Young.

Sometimes our girls are in such haste to reach young ladyhood, and the advantages they imagine to be gained with it, that they forget the added burdens and trials that must necessarily follow in its train. Speaking of this, a writer wisely says: "Wait patiently, my children, the whole limit of your girlhood, 'Go not after womanhood; let it come to you. Keep out of public view. Cultivate refinement and modesty. The cares and responsibilities of life will come soon enough. When they come you will meet them, I trust, as true women should. But, oh, be not so unwise as to throw away your girlhood. Rob not yourself of this beautiful season, which wisely spent, will brighten all your future life.'"—Ex.

Mr. W. H. Clark, has moved here from Clarksville, to become local manager of the Imperial Tobacco Co's business. He will shortly move his family into the Wilgus house on South Main street.

ENTHUSIASTIC SOLDIERS START FOR CAMP.

Large Crowd Gathered to Bid Them Farewell Yesterday.

PITCH TENT TO-DAY.

The Full Complement of Officers and Men Went.

Company D had a good send off at the I. C. depot yesterday morning when they left for Paducah to go into camp.

Several hundred people gathered to bid them good-bye. Mothers, sisters and sweethearts were largely in evidence and there was hardly room about the station for one to pass through the throng.

The full roster of the company was published in our last issue. Col. Jouett Henry, commander of the 3rd regiment and Capt. Gordon

CAPT. E. W. CLARK.

Nelson preceded Company D, and had arranged all preliminaries before the different companies of the regiment left their homes for Camp Yeiser. Maj. E. B. Bassett and Adjutant C. H. Tandy went down with Company D, in its special car yesterday. The home company will be in command of Capt. E. W. Clark. Capt. Sidney Meyers has been detailed as assistant to Surgeon-General McCarroll for the Third regiment.

The Governor will be on hand Saturday and inspect the regiment. Everything is in tiptop order, the boys are jubilant over the thought of being sent for a rest from business and arduous to compete with any company in the regiment. John Black, the colored cook, who has seen several years service with the boys, was taken along and will stay until the company's return. Should the weather be favorable there is no reason why the soldiers should not have a grand outing and come home strengthened and refreshed for the duties of every day life. Camp Yeiser is said to be an ideal place for soldiers, well laid off, and all wish the soldiers a grand time.

TIMELY SHOT.

Fierce Mad Dog Killed While Attacking A Woman.

A rabid dog was killed on the Madisonville road, about one and a half miles from town yesterday morning. The dog had attacked a negro woman who had kept him at bay with a stick, when deputy Sheriff Clark happened to pass. Mr. Clark fired two shots at the dog, but did not kill him. Another shot from a man who was passing killed the dog, thereby saving the woman's life, as she could not have held out much longer.

Death of Little Girl.

The four-year-old daughter of Mr. and Mrs. Bunch Cannon, who live about two miles from the city on the Antioch road, died this week of cancer of the bowels. She was buried in the Antioch church graveyard.

The daily report on the yellow fever situation at New Orleans shows continued improvement. It is hoped that by September 1 the country districts may be induced to relax quarantine regulations and permit free transportation of freight. The death rate is only 7 per cent. of the cases reported, so far.
